Are you single?
Maybe I'm single
Hey, will you go out with me?
Maybe I'll go out with you
You're so unFair. Then go out with me too
Maybe I'll go out with you too

Let's get married
Sir!!
You're serious, huh

Do you like me?
This has nothing to do with you
We really love each other!
Sir, please don't banter with the our waitress
Bokko-chan is happy to be with me!!
Please don't monopolize him, sir
Bokko-chan is the idol of this store

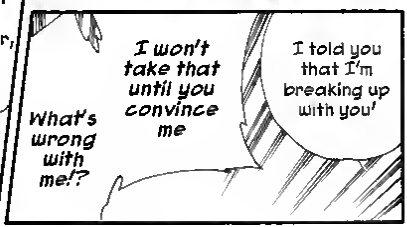
No way
Reiji
Yuki...
Bokko-chan loves me!!

!!!
What is this!?
You borrowed so much money
渋谷ハイツ

I found a girl I like
I'm going to marry her

It has nothing to do with you
Shut up
It has everything to do with me

The girl from that bar, huh...!
Are you an idiot?



I told you that I'm breaking up with you!
I won't take that until you convince me
What's wrong with me!?

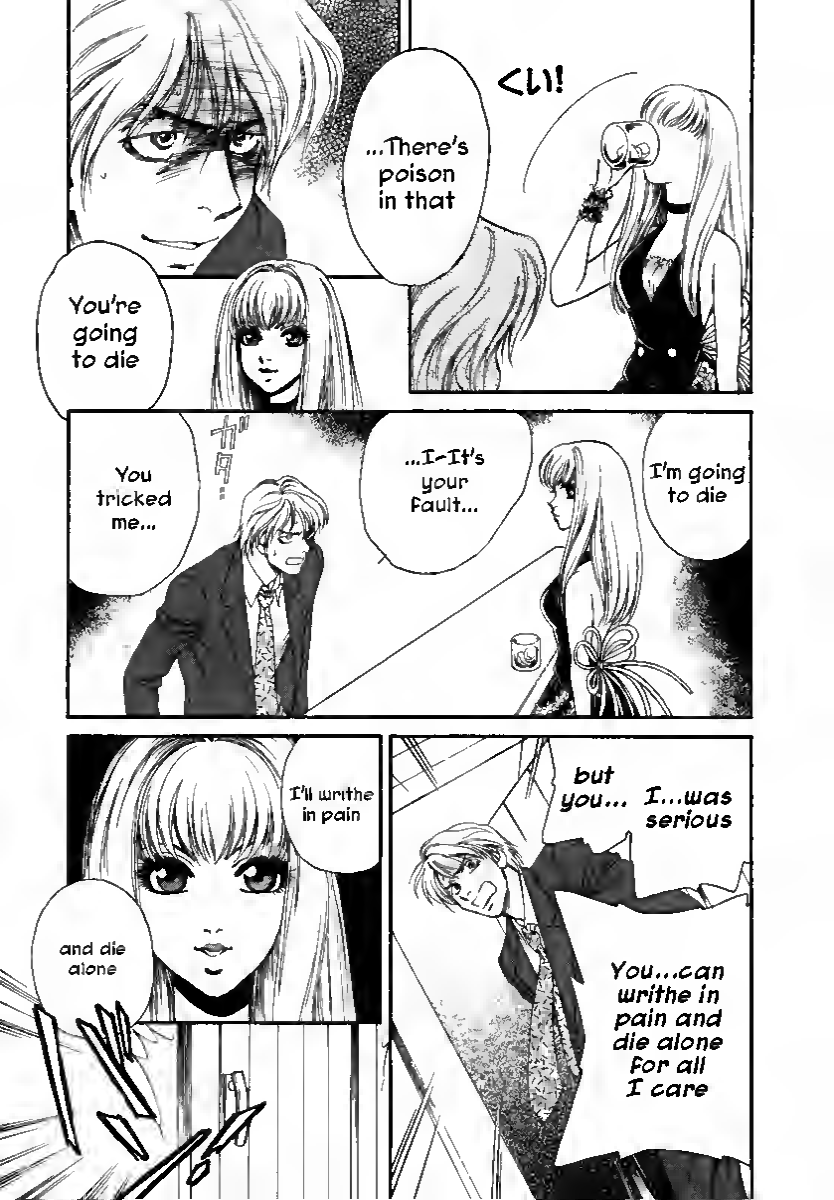
I can't believe you fell for a girl working at a bar
You're being tricked!
What did you say...
You're not going to get her if you need to take out a loan
She's not being serious at all
She has to be a wily fox in order to be in her trade
You know nothing
Don't insult Bokko-chan
Why you...!
What a strange name!
Bokko-chan!?
What's that

Don't laugh at Bokko-chan!!
I'm telling the truth: it's a strange name!
Strange name, strange name, strange name!!
I'll kill you
I really killed her...
It was her fault...
She was insulting Bokko-chan...
Oh yea, I...
I have to run away with Bokko-chan...

Sorry for yesterday
Welcome
If that doesn't work,
Today will be my last day here
I'm embarrassed
My temper went up in a flash..
then I'll...!
Please wait a moment
Yes
I haven't had anything good to eat today,
...Then, a water-mix, and..
What a shame ..
...I see
so can you make something that will fill up my stomach?

...Bokko-chan...
are you...
the bar-tender's girl...?
カラン
I'm the barten-der's girl
I see...
Yuki was right
You are a wily fox...
I'm a wily fox
I was tricking you
Were you tricking me...?

...Then,
I guess I don't have a choice
This will be it
Here
Our last drink
I'll drink our last drink



...There's poison in that
<니!
You're going to die
You tricked me...
ガタ
...I-It's your fault...
I'm going to die
I'll writhe in pain
and die alone
but you... I...was serious
You...can writhe in pain and die alone for all I care

I wonder what happened?
What happened?
Huh? Sir?
I guess I can't ask you, Bokko-chan..
Bartender!
Happy birthday!
And I just made food..
Thank you so much!
Everyone..
Huh..?
It's your birthday today, right?
Let's celebrate it together!
Thanks to you, we can all drink and have fun with Bokko-chan
